

## Augustine George 11039 Well Site – 128 N. DePaoli Road McDonald, PA 15057

### Schedule (as of 2/24/2021)

*\*Note: Schedule is subject to change\**

*Range will remain in contact with the Township regarding the schedule*

### Activity Updates:

- Horizontal drilling ongoing
  - Drilling well 4 of 4; Big rig tentatively to begin moving off location 2/28
- Intermittent work on temporary water line ongoing
  - Open cut scheduled on Grange Road 2/24-2/26 (weather dependent) – Traffic will NOT be shut down during open cut
  - North DePaoli Road meter vault installation to begin 2/24
- Miscellaneous site deliveries may occur on an intermittent basis throughout the drilling process
- Anyone who has questions, comments or concerns related to Range's activity at the Augustine well site is encouraged to contact the Range Resources Response Center via phone or email at 724-754-5999 or [ResponseCenter@rangeresources.com](mailto:ResponseCenter@rangeresources.com)

### Big Rig (Horizontal Drilling)

#### Drilling the fourth of four wells; The big rig is tentatively scheduled to begin moving off location 2/28

The big rig drills the horizontal portions of the wells on location; Approximate time per well is 12 days\*

*\*Dates and time periods are impacted by several variables and subject to change and will be communicated to the Township*

### Completions (Frac)

#### North DePaoli Road Meter vault installation to begin 2/24; Intermittent work on temporary water line through the month of February; The wells will be hydraulically fractured and subsequently flowed back to prepare the wells for production; Estimated completions start date is April 2021\*

*\*Dates are subject to change and will be communicated to the Township*

### Production

It is estimated that the wells will be in production in and around **July 2021\***

*\*Dates are subject to change and will be communicated to the Township*
