Additional Criteria for Rezoning to SD (Special Development) Abutting Southpointe

The following supporting documentation must accompany the application for SD.

1. The traffic generated by the proposed use of the property can be accommodated by the existing transportation network.
2. The proposed use of the property can be accommodated by the existing capacity of the Canonsburg Sewage Treatment Plant or the applicant shall demonstrate that agreements have been made to upgrade the capacity to accommodate the development.
3. The proposed rezoning will not result in any negative environmental, visual or other impacts on adjoining residential property.
4. The proposed rezoning will preserve the rural atmosphere of the adjoining properties, which are zoned, R-1.
5. The topography of the site proposed for rezoning is such that there are visual buffers from adjoining residential properties.
6. The topography of the site proposed for rezoning is such that the site is easily accessible from the transportation network serving Southpointe, including the I-79 Interchange.
7. Priority will be given to those sites that are visible from Interstate 79 and/or from other nonresidential portions of the Southpointe development to the extent feasible.
8. Expansion of nonresidential zoning classifications in the vicinity of Southpointe should follow the North-South alignment of the Interstate 79 corridor.

Applications for rezoning must be submitted no later than the Planning Commission filing deadline or the second Thursday of the month. The application will be placed on the agenda for the following month's Planning Commission meeting for recommendation, after which a Public Hearing, will be held on a date to be determined by the Township Supervisors, at the next regular monthly meeting.
